

## **LECTURES MEDICINE GROUPS 33-46 ORTHOPAEDICS**

**from 27.05.2022 г. to 16.06.2022/ 2021-2022 academic year**

### **Additional literature on:**

<https://drive.google.com/drive/folders/11Q-dUD5E6dP95q4s5hVqYsm4zC3-obNc?usp=sharing>

### **Groups 33 – 39**

**27.05** Assoc. Prof. B.Matev (2 lectures)

- Orthopaedics and traumatology like a science. Classification of orthopaedic diseases.
- Orthopaedic diseases treatment. Congenital abnormalities of the upper extremity.

**30.05** Assoc. Prof. B.Matev

- Brachial plexus palsy. Torticollis (Wryneck). Entrapment syndromes (Syndromes of compression of peripheral nerves).

**31.05** Assoc. Prof. B.Matev

- Peripheral nerve injuries. Injuries of the hand tendons

**01.06** Assoc. Prof. V. Aleksiev

- Developmental dysplasia of the hip. Congenital abnormalities of the lower extremity. Congenital abnormalities of the foot. Congenital clubfoot. Congenital flatfoot (vertical talus).

**02.06** Assoc. Prof. V. Aleksiev

- Scoliosis – congenital and idiopathic. Avascular necroses. LCPD – Legg-Calve-Perthes disease. SCFE – slipped capital femoral epiphysis. CP – cerebral palsy.

**03.06** Assoc. Prof. N.Dimitrov

- Degenerative diseases of musculoskeletal system. (Coxarthrosis, Gonarthrosis, Spondylarthrosis).

**06.06** Assoc. Prof. N.Dimitrov

- Overuse syndromes. Bone tumors.

### **Групи 40 - 46**

**07.06** Assoc. Prof. B.Matev

- Orthopaedics and traumatology like a science. Classification of orthopaedic diseases. Orthopaedic diseases treatment. Congenital abnormalities of the upper extremity.

**08.06** Assoc. Prof. B.Matev

- Brachial plexus palsy. Torticollis (Wryneck). Entrapment syndromes (Syndromes of compression of peripheral nerves).

**09.06** Assoc. Prof. B.Matev

- Peripheral nerve injuries. Injuries of the hand tendons

**10.06** Assoc. Prof. V. Aleksiev

- Developmental dysplasia of the hip. Congenital abnormalities of the lower extremity. Congenital abnormalities of the foot. Congenital clubfoot. Congenital flatfoot (vertical talus).

**13.06** Assoc. Prof. V. Aleksiev

- Scoliosis – congenital and idiopathic. Avascular necroses.

LCPD – Legg-Calve-Perthes disease. SCFE – slipped capital femoral epiphysis.

CP – cerebral palsy.

**14.06** Assoc. Prof. N.Dimitrov

- Degenerative diseases of musculoskeletal system. (Coxarthrosis, Gonarthrosis, Spondylarthrosis).

**15.06** Assoc. Prof. N.Dimitrov

- Overuse syndromes. Bone tumors.

**Signatures will be given on 16.06.2022 at ISUL Hospital**

**Exams – 20.06 and 21.06.2022 - ISUL and Orthopaedic Hospital Gorna Banya.**

**Schedule of the exam will be sent to academic emails and to Dean's Office**

## **LECTURES MEDICINE GROUPS 33-46 TRAUMATOLOGY**

**from 27.05.2022 г. to 16.06.2022/ 2021-2022 academic year**

### **Additional literature on:**

<https://drive.google.com/drive/folders/11Q-dUD5E6dP95q4s5hVqYsm4zC3-obNc?usp=sharing>

### **Groups 40 – 46**

**27.05** Assoc. Prof. L. Tsvetanov (2 lectures)

- Types of injuries of the musculo-skeletal system – sprains, dislocations, fractures.
- Fractures – types, mechanism, clinical presentation. Treatment options. Bone healing.

**30.05** Prof. P. Kinov

- Soft-tissue injuries of the knee. Intraarticular fractures of the knee

**31.05** Dr. Kaykchian

- Fractures of the humerus. Dislocation of the shoulder joint. Fractures of the antebrachium.

Fractures of the distal radius (in loco typico)

**01.06** Dr. B. Antonov

- Fractures of the ankle. Fractures of the tibia and fibula.

**02.06** Assoc. Prof. L. Tsvetanov

- Fractures and dislocations of the spine

**03.06** Dr. P. Tanchev

- Fractures of the proximal femur

**06.06** Prof. P. Kinov

- Fractures of the pelvis

### **Групи 33 - 39**
