

LECTURES MEDICINE GROUPS 45-56 ORTHOPAEDICS

from 17.10.2022 г. to 07.11.2022/ 2022-2023 academic year

Additional literature on:

<https://drive.google.com/drive/folders/11Q-dUD5E6dP95q4s5hVqYsm4zC3-obNc?usp=sharing>

Groups 45-50

17.10 Assoc. Prof. B.Matev (2 lectures)

- Orthopaedics and traumatology like a science. Classification of orthopaedic diseases.
- Orthopaedic diseases treatment. Congenital abnormalities of the upper extremity.

18.10 Assoc. Prof. B.Matev

- Brachial plexus palsy. Torticollis (Wryneck). Entrapment syndromes (Syndromes of compression of peripheral nerves).

19.10 Assoc. Prof. B.Matev

- Peripheral nerve injuries. Injuries of the hand tendons

20.10 Assoc. Prof. V. Aleksiev

- Developmental dysplasia of the hip. Congenital abnormalities of the lower extremity. Congenital abnormalities of the foot. Congenital clubfoot. Congenital flatfoot (vertical talus).

21.10 Assoc. Prof. V. Aleksiev

- Scoliosis – congenital and idiopathic. Avascular necroses. LCPD – Legg-Calve-Perthes disease. SCFE – slipped capital femoral epiphysis. CP – cerebral palsy.

24.10 Assoc. Prof. N.Dimitrov

- Degenerative diseases of musculoskeletal system. (Coxarthrosis, Gonarthrosis, Spondylarthrosis).

25.10 Assoc. Prof. N.Dimitrov

- Overuse syndromes. Bone tumors.

Групи 51-56

26.10 Assoc. Prof. B.Matev (2 lectures)

- Orthopaedics and traumatology like a science. Classification of orthopaedic diseases. Orthopaedic diseases treatment. Congenital abnormalities of the upper extremity.

27.10 Assoc. Prof. B.Matev

- Brachial plexus palsy. Torticollis (Wryneck). Entrapment syndromes (Syndromes of compression of peripheral nerves).

28.10 Assoc. Prof. B. Matev

- Peripheral nerve injuries. Injuries of the hand tendons

31.10 Assoc. Prof. V. Aleksiev

- Developmental dysplasia of the hip. Congenital abnormalities of the lower extremity. Congenital abnormalities of the foot. Congenital clubfoot. Congenital flatfoot (vertical talus).

01.11 Assoc. Prof. V. Aleksiev

- Scoliosis – congenital and idiopathic. Avascular necroses.
LCPD – Legg-Calve-Perthes disease. SCFE – slipped capital femoral epiphysis.
CP – cerebral palsy.

02.11 Assoc. Prof. N.Dimitrov

- Degenerative diseases of musculoskeletal system. (Coxarthrosis, Gonarthrosis, Spondylarthrosis).

03.11 Assoc. Prof. N.Dimitrov

- Overuse syndromes. Bone tumors.

Signatures will be given on 04.11.2022 at ISUL Hospital
Exams – 10.11 and 11.11.2022 - ISUL and Orthopaedic Hospital Gorna Banya.
Schedule of the exam will be sent to academic emails and to Dean's Office

LECTURES MEDICINE GROUPS 45-56 TRAUMATOLOGY
from 17.10.2022 г. to 07.11.2022/ 2022-2023 academic year

Additional literature on:

<https://drive.google.com/drive/folders/11Q-dUD5E6dP95q4s5hVqYsm4zC3-obNc?usp=sharing>

Groups 51 - 56

17.10 Prof. P. Kinov (2 lectures)

- Fractures of the pelvis
- Soft-tissue injuries of the knee. Intraarticular fractures of the knee.

18.10 Assoc. Prof. L. Tsvetanov

- Fractures and dislocations of the spine

19.10 Assoc. Prof. L. Tsvetanov (2 lectures)

- Types of injuries of the musculo-skeletal system – sprains, dislocations, fractures.
- Fractures – types, mechanism, clinical presentation. Treatment options. Bone healing.

20.10 Dr. Kaykchian

- Fractures of the humerus. Dislocation of the shoulder joint. Fractures of the antebrachium.

Fractures of the distal radius (in loco typico)

21.10 Dr. B. Antonov

- Fractures of the ankle. Fractures of the tibia and fibula.

24.10 Dr. P. Tanchev

- Fractures of the proximal femur

Групи 45-50

26.10 Prof. Kinov (2 lectures)

- Fractures of the pelvis
- Soft-tissue injuries of the knee. Intraarticular fractures of the knee.

27.10 Assoc. Prof. L. Tsvetanov

- Types of injuries of the musculo-skeletal system – sprains, dislocations, fractures.

Fractures – types, mechanism, clinical presentation. Treatment options. Bone healing.

28.10 Assoc. Prof. L. Tsvetanov

- Fractures and dislocations of the spine

31.10 Dr. Kaykchian

- Fractures of the humerus. Dislocation of the shoulder joint. Fractures of the antebrachium.

Fractures of the distal radius (in loco typico)

01.11 Dr. P. Tanchev

- Fractures of the proximal femur

02.11 Dr. B. Antonov

- Fractures of the ankle. Fractures of the tibia and fibula.

Signatures will be given on 04.11.2022 at ISUL Hospital

Exams – 10.11 and 11.11.2022 - ISUL and Orthopaedic Hospital Gorna Banya.
