

**EMBAIXADA DE PORTUGAL
SOFIA**

I am deeply honored to have been invited (although in a virtual format due to the pandemic) to this graduation ceremony of the new Medicine graduates, for which I would like to particularly thank the Dean Professor Dimitar Boulanov who has given me this opportunity to participate.

On this special day, I would like to personally congratulate all the graduate students for this landmark in their lives.

I know you have worked very hard to achieve this goal and that by your merit you have achieved this graduation. I wish you all a very successful professional career, guided by the highest ethical standards and directed to the good of all human beings.

Good luck!
