

Selected publications of Dr. Vera Ilieva Damyanova,
Head Assistant Professor at the Department of Biology

- Dimova I, Damyanova V, Nesheva D, Hadjidekova S, Vatev I, Stanislavov R, Nikolova V and Toncheva D. Array comparative genomic hybridization (CGH) analysis of sperm DNA to detect copy number variations in infertile men with idiopathic azoospermia. *Journal of Clinical Medicine and Research* 2010 Vol. 2 (3), pp. 042-048.
- Damyanova Vera, Dimova Ivanka, Savov Aleksei, Nesheva Desislava, Hadjidekova Savina, Rukova Blaga, Jivkova Ralitza, Nikolova Veselina, Vatev Iliya, Toncheva Draga. Comprehensive genomic study in patients with idiopathic azoospermia and oligoasthenoteratozoospermia. *Biotechnology & Biotechnological Equipment*. 2013, Vol.27, № 1, p.3529-3533.
- D Vera, Dimitrova DK , Dimova I, Savov A, Nesheva D, Hadjidekova S, Rukova B, Zhivkova R, Evrev M, Vatev I, Toncheva D. Genomic and immunological study in patients with idiopathic azoospermia and oligoasthenoteratozoospermia. 13-th International Symposium for immunology of reproduction. Varna, Bulgaria, 22-24 June 2012. *Am. J. Reprod. Immunol.*, 67 (Suppl.1), 2012, p.53.
