Dear Dr. Sbaibi,

It gives me great pleasure in congratulating you for your successful completion of graduation as general practitioner, 2020 promotion from the Faculty of Medicine of the Medical University in Sofia.

Having always been aware of the demands of this field of medicine, you were determined to make the necessary sacrifices in order to invest yourself fully and seriously in your studies at first, then alongside patients in a second time.

In fact, you have been able to deploy the necessary efforts to achieve this success, during the 6 years and a half of your General Medicine studies. Since my both sons, Chafik and Adam, are currently pursuing their medical studies, I know how hard you have worked to accomplish this achievement and all the sacrifices you made along the way.

As Ambassador of the Kingdom of Morocco to the Republic of Bulgaria and to the Republic of North Macedonia, I wish you all the luck and the success for the continuation of your future activities.

Yours sincerely
